City College of San Francisco

1860 Hayes St.
San Francisco, CA 94117

Learn to operate ECG equipment and work as an ECG Technician in a cardiology office, non-invasive cardiac diagnostic department in a hospital, medical clinic, or other medical facilities. Through this program, you will learn to perform electrocardiograms, heart monitoring, and various stress testing procedures.

students will learn to operate a single-channel to a multi-channel electrocardiography unit, methods of mounting tracings, fundamental anatomy of the cardiovascular system, associated medical terminology, and evaluation of tracings, including recognition of rates and basic rhythms. ECG 101 is recommended for students applying to the Paramedic Program. It can also enhance the skills set and knowledge for EMTs, Medical Assistants, and all health care

- ENGL 88 or ESL 188 or readiness for college-level English.
- Completion of ECGT 101 or permission of Department Chair.

Remote Counseling Services are available for students:

1. Zoom appointment for counselor, phone (415) 561-1925
2. Phone appointment online https://esars.ccsf.edu
3. Email academiccounseling@ccsf.edu.

If you are unable to attend the orientation, you may register the first evening of class.
