It is the policy of the District, pursuant to applicable law, that all vocational or occupational training programs commenced subsequent to July 28, 1983, be reviewed every two (2) years by the Board. This will assure that each program meets a documented labor market demand, does not represent unnecessary duplication of other such training programs in the area, is of demonstrated effectiveness as measured by the employment and completion success of its students. The Board will take all actions required pursuant to applicable law.
