DEGREE PROGRAMS

For the Associate in Arts or Associate in Science or Bachelor of Science degree, a student must demonstrate competence in reading, in written expression, and in mathematics.

The student must satisfactorily complete at least 60 semester units of college work for an Associate Degree and at least 120 semester units of college work for a Bachelor’s Degree.

A definition of “college work” that provides that courses acceptable toward the associate degree include those that have been properly approved pursuant to Title 5 Section 55002(a), or, if completed at other than a California community college, would reasonably be expected to meet the standards of that section.

The work must include at least 18 semester units in a major listed in the Community Colleges’ “Taxonomy of Programs” and at least 21 semester units in general education or completion of the requirements for an approved intersegmental lower-division general education pattern used for transfer to the University of California or the California State University in accord with Title 5, Section 55062 (a)(3).

The work must include at least 12 semester units of study in residence; exceptions to the residence requirement can be made by the Board when an injustice or undue hardship would result.

The general education requirements must include a minimum of work in the English composition; oral communication and critical thinking; mathematical concepts and quantitative reasoning; arts and humanities; social sciences; natural sciences; and ethnic studies.

Students who have been awarded a bachelor’s degree from an institutionally accredited institution shall be deemed to have fulfilled the general education course requirements for the
