

SAN FRANCISCO COMMUNITY COLLEGE DISTRICT ADMINISTRATIVE PROCEDURE MANUAL

Title: BOARD POLICY AND ADMINISTRATIVE PROCEDURES	Number: AP1.15
Legal Authority: Education Code Section 70902	Related to CCLC AP 2410

The Board of Trustees reviews policies (and associated procedures) within a year cycle or more frequently as needed when circumstances arise in accordance with changes to legal or regulatory requirements.

The Chancellor will designate a Cabinet administrator as the policy review facilitator to work closely with the administrator(s) responsible for the areas affected by the particular policy.

The College's Roles, Responsibilities, and Processes Handbook ("RRR Handbook," available on the [participatory governance website](#)) details the standard review process for Board Policies and Administrative Procedures. This applies to new or substantially revised policies or procedures and ensures that the College relies primarily on Academic Senate recommendations regarding policies and administrative procedures that are in 10+1 areas of academic and professional matters.

When policies or administrative procedures require minor or no changes, the individual facilitating the policy review may prepare a list of policies/procedures for expedited review. Expedited review does not require constituent input prior to review by the Participatory Governance Council.

After receiving a PGC recommendation, the Chancellor recommends policies to the Board and adopts procedures. The Board approves policies and receives procedures as information items.

Recommended by Participatory Governance Council on May 4, 2023 (additional changes reviewed/accepted on October 5, 2023) Approved by Chancellor: May 4, 2023	Page 1 of 1
